

R E M A R K S

Reconsideration of this application, as amended, is respectfully requested.

ALLOWABLE SUBJECT MATTER

The Examiner's allowance of claims 1-13 is respectfully acknowledged.

In addition, the Examiner's indication of the allowability of the subject matter of claim 14, as amended hereinabove, during a telephone interview on February 26, 2007, is respectfully acknowledged. Specifically, claim 14 has been amended as required by the Examiner to positively recite a step of outputting the determined jitter amount to an indicator, as supported by the disclosure in the specification at, for example, the bottom of page 53, in order to clearly recite a useful, concrete and tangible result. Accordingly, it is respectfully submitted that amended claim 14 and claims 15-26 depending therefrom all clearly recite statutory subject matter under 35 USC 101 and it is respectfully requested that the rejection thereunder be withdrawn.

In view of the foregoing, entry of this Amendment, allowance of the claims and the passing of this application to issue are respectfully solicited.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.

Respectfully submitted,

/Douglas Holtz/
